Re: Letter of Intent – Exemption No. 18973, Regulatory Docket No. FAA-2021-1028

Submitted via www.regulations.gov

To Whom It May Concern:

Dare MedFlight intends to exercise the relief granted in the referenced exemption, and affirms that we will only conduct operations in a manner consistent with all conditions and limitations pursuant to this exemption.

Dare MedFlight operates as a 14 CFR Part 135 Helicopter Air Ambulance (HAA) under designator 3D9A180N. Dare MedFlight is trained and authorized to conduct Helicopter Night Vision Goggle Operations under OpSpec A050. We operate one Eurocopter Model MBB-BK117-D2 which is equipped with a radar altimeter and moveable searchlight. All of our pilots will receive training prior to implementing the procedures contained in Exemption No. 18973.

We have requested a waiver from our POI (Inspector Corey Paczkowski) be granted from our OpSpec A005 consistent with authorization to operate under Exemption No. 18973.

Sincerely,

Kurt Willenbacher
Dare MedFlight
Director of Operations / Chief Pilot
